Projects

Project 1 - MARKDOWN EDITOR   **May'24**

Project Link - https://mdeditor1.vercel.app/

- It's a simple Markdown editor made by using react.
- You can edit your markdown files using this and can even download it with a particular filename.

Project 2 - NOTES   **Jul'24**

Project Link - https://notes4u.vercel.app/

- An online platform to access different categories of notes.
- It is made using technologies like React and Tailwind CSS.
- It has an integrated pdf viewer along with a download option.
- This Web app is completely responsive and even has a toggle for dark mode to enable our users a good reading experience.

Positions of Responsibility

ISTE-HIT-SC | Technical Team Member   **Feb'24 – Present**

- I have been a part of this society since Feburary-2024 as a member of the Technical Team.
- Together we have organized various technical and quiz related events.
- Being a part of the team has helped me in developing my technical as well as my interactive skills.
